Dear Sir / Madam,

THE NATIONAL MANPOWER SURVEY (NMPS) 2016/17

The Uganda Bureau of Statistics (UBOS) in collaboration with the National Planning Authority, the Ministry of Gender, Labour and Social Development and the Ministry of East African Community Affairs is undertaking the Uganda National Manpower Survey (NMPS). The main objective of the NMPS is to provide data on the characteristics of the Uganda workforce.

The Bureau is now covering Insurance Companies as required. However, we are facing challenges with the Insurance Companies failing to respond to the above cause.

The purpose of this letter, therefore, is to request your support as the supervisor of the Insurance Companies in the country, to communicate to all Insurance Companies to comply and provide the data. The data is important in informing the Human Resource Planning process in the country.

We look forward to your positive response, and thank you for your continued support towards the development of statistics in the country.

Yours sincerely,

Ben Paul Mungyereza
